JANE LONG

Jane Long Middle
School Room 224

Parents, we invite you to have coffee with Principal Baez and discuss the exciting changes for our campus in the 2012-2013 school year! We will be adding a 9th grade and starting a program called School of Pharmacy and Technology at Long in partnership with Houston Community College to offer our students associates degrees upon graduation. Come and see how to apply and what this news means for your student!
